

GRANITE STATE TEAMSTERS

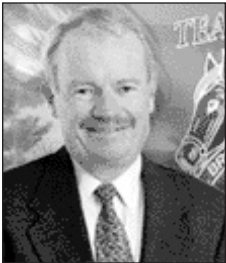

“United We Stand Divided We Fall”

Vol. 1 No. 72

October 2016

A message from...

Secretary-Treasurer David W. Laughton

Dear Brothers
and Sisters,

As 2016 elections approach, I am encouraging everyone to get out and vote! We have an opportunity to keep things moving forward, or face the consequences of returning to politics that work against the working men and woman of New Hampshire. Do we want to return to the days of anti-worker legislation, and attempts to break down working conditions, only to reward corporate greed? We cannot allow this to happen, and with your voice and vote on November 8th 2016 we can be sure to keep things moving in a positive direction.

We are truly at a crossroad in America, and the outcome of this election will have long term ramifications on you and your family. This is why it is critical that you exercise your right to vote.

Some of the current legislation to be decided during the next legislative session includes some far reaching and important items such as Pension Reform. With some pension plans in the critical zone some funds will be dramatically impacted if proper reform is not enacted. There are anti-worker forces at work to break down the great pensions and working condition that union members have negotiated for over the years, and we cannot allow that hard work to fall by the wayside by not voting or failing to hold our elected officials accountable.

As you can see, there are some very important issues that will be

dealt with in the next legislature. We strongly encourage you to take the time to vote and make your voice heard. In this issue of the newsletter, we offer our endorsements, highlighting those candidates that have committed to protect workers' rights, and support pro-worker agenda.

Please vote on November 8th 2016. This newsletter is sent out to thousands of Teamsters throughout New Hampshire, and our ability to make an impact has swayed the outcome of several elections. How every, this can only be accomplished by your participation; Make your voice heard.

With best wishes I remain

Fraternally yours,
David W. Laughton-Secretary/
Treasurer

Teamsters Local 633 Has Endorsed Governor Maggie Hassan for US Senate

Maggie Hassan was drawn to public service as an advocate fighting to ensure that children like her son Ben, who experiences severe disabilities, would be fully included in their communities and have the same opportunities that all parents want for their children.

She has continued working to ensure that all Granite Staters have the same opportunity that Ben did, serving for 3 terms in the New Hampshire State Senate and now as our 81st Governor.

As Governor, Maggie Hassan has worked to bring together Republicans, Democrats, and independents to build a stronger, more innovative New Hampshire where education and small businesses drive job cre-

ation. She has passed two bipartisan budgets that protect New Hampshire’s priorities without a sales or income tax. She cut taxes for research and development and small businesses while maintaining fiscal responsibility and a business friendly environment that has New Hampshire’s unemployment rate among the lowest in the nation.

Maggie will bring her bipartisan approach, common sense and commitment to problem solving to the United States Senate to take on corporate special interests and get results for hard working New Hampshire families and small businesses.

We are asking for your vote on November 8th 2016 for Maggie Hassan.

Teamsters Local 633 endorse Colin Van Ostern for Governor

Colin is running for governor in 2016 to keep New Hampshire moving forward and to build a stronger economy where everyone has a chance to succeed, not just those at the top.

Working with Governor Hassan and state leaders, he cast the deciding vote on the state Executive Council to extend Medicaid health care coverage to nearly 50,000 citizens including critical drug addiction treatment services for thousands. He led the successful effort to restore funding for birth control and cancer screenings at our planned parenthood health centers, and He has championed solar and renewable energy projects in every corner of New Hampshire.

Now, we must keep that progress going by making the Medicaid healthcare coverage and addiction services permanent, by keeping planned parenthood funded, by strengthening our schools, and investing in solar and renewable energy projects that are critical for boosting our clean tech economy, limiting

energy costs, protecting our environment, and creating thousands of jobs.

As a dad, as a business leader at some of our states best employers, and as an elected official representing a quarter-million of my fellow citizens- He loves New Hampshire and will work hard to keep it moving forward.

Please put your support behind Colin Van Ostern for Governor on November 8th 2016

Teamsters Local 633 endorse Carol Shea Porter for Congress in the First Congressional District.

As a former congress woman from 2006, 2008, and 2012 Carol worked in a bipartisan way and Republicans on issue's such as obtaining funds to replace Portsmouth's World War 1 working

with Democrats memorial bridge and to aid local institutions, such as the Manchester Veteran's Administration and the University of New Hampshire.

Turning to policy, Carol explains she worked for the new GI Bill of Rights, helping combat veterans con-

tinue their education. As a former military spouse, she is committed to veteran's issues and served on the House Armed services committee, which she called the most bipartisan in Congress.

When Carol returns to congress it will be for the same reason she ran in 2006 because the American dream is out of reach for too many people. The middle class and the poor still lack the opportunity, she said College should be affordable, and the elderly should be able to retire with dignity.

Please take this opportunity to send a friend of the teamsters back to congress to do the people's work.

facebook

Teamsters Local 633 endorse Ann McLane Kuster for Congress in the second congressional district.

Annie was first elected to congress in November 2012 and sworn into office January 3, 2012. She came to Washington to put an end to the gridlock, and during her time

in office she has established a record of working across the aisle to get things done for her constituents in the Granite State.

Prior to taking office, Annie served as a longtime community activist and adoption attorney who focused her career on increasing opportunity's for Granite State families. A strong advocate for seniors, students, veterans, and woman and their families, Annie has always been committed to fighting for issues that matter most to Granite State.

As a lifelong Granite Stater, Annie has prioritized efforts to facilitate the creation of good jobs and to

increase economic opportunity for every New Hampshire family. Annie has pushed a number of legislative initiatives to improve the lives of veterans across the country. In 2014 she helped lead the successful fight to pass comprehensive VA reform legislation to ensure every veteran can get timely access to health care they need, and in 2015 she was selected to serve as ranking member of the House Veterans Affairs Subcommittee on Oversight and investigations. In this position Annie plays a lead role in overseeing the implementation of the reforms at the VA, as well as identifying additional opportunities to protect taxpayers and improve services for veterans.

On November 8th lets reelect Congress woman Kuster back to the house of representatives and make sure New Hampshire gets its voice heard in Washington.

The International Brotherhood of Teamsters Has endorsed Hillary Clinton for President.

Secretary Hillary Clinton is the best person to be our 45th President for many reasons. She is a classic American optimist with the background and experience necessary to lead this country in a very complicated world.

She has a deep history of engagement in domestic policy issues- the economy and jobs, education, the equal status of all, children and family pro-

grams-that start long before she came to Washington. She understands the challenges facing Americans from all walks of life and has the compassion and skill necessary to help improve our everyday live's.

Our country will have no shortage of challenges to tackle in the future...and the very list of challenges on the table should tell us who the next President should be.

Please take the time to vote on November 8th 2016.
